TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 5 Other: The response to the election-of-species requirement elects a sequence of species in a manner that is inconsistent, because certain species (A-1, C-II and Ex-BM-1) listed as elected are sub-species of species that are elected out by means of the election of the alternative species (species B, B and Ex-Chem, resp.) The submission by Applicant on which claims the species to be readable is not credible, because it is based on aforementioned erroneous list of elected species. More specifically, Applicant's election fails to identify the claims readable on the species that were required to be elected, counter to the requirement expressed on page 10 of the election of species requirement, because applicant includes under items 5, 6 and 13 species elections of those species (A-1, C-II and Ex-Bm-1) that are sub-species of species A, C and Ex-Bm elected out by means of the elections of species B and Ex-Chem. The resulting list of claims applicant submits his election to be readable on, evidently being based aforementioned election, is therefore not responsive to the election-of-species requirement. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
